

ACADEMY POLICIES

The U.S. Kids Golf Academy at Oak Hollow Golf Course will always strive to be an inclusive, welcoming, safe, and enjoyable atmosphere. To make sure that each student and parent feels welcome and that we can provide the optimal learning environment, we ask that everyone abide and respect the following policies.

Rain/Weather: The instructor in charge will determine whether classes will be conducted on days of inclement weather. If any class is cancelled, the instructor will email students via their contact info on file.

Dress Code: Appropriate golf attire is encouraged.

Cancellation: Students may cancel their reserved spot in a class up to 24 hours in advance. If within 24 hours of the class, cancellations or no-shows will count as a class attended. To cancel a class, login to your account and click "Reservations".

Cell Phone: Students are not to have a cell phone out while class is in session. Parents/observers are asked to put ringers on silent and move away from class if conversations must take place.

Tobacco: There is no smoking or any use of tobacco allowed by coaches, parents, or students at the U.S. Kids Golf Academy.

Behavior/General Etiquette: It is important to remember that the Academy is above all else, a learning environment. Any rude or disruptive behavior will not be tolerated.

PARENT TIPS

Parents play a critical role in the development of a junior golfer. From the correct preparation for class to the all-important engagement of establishing goals and the progression towards them, we rely on you to provide the encouragement and support that is so significant in determining the success of your child's love of the game. We are happy to offer some basic tips for parents on how to best support your child towards their goals as they take part in the U.S. Kids Golf Academy at Oak Hollow Golf Course.

Golf Clubs: As the world's leaders in youth golf equipment, we will provide properly fit clubs and training aids for our students while on site. Please do not purchase golf clubs prior to coming to your first class. Improperly fit golf equipment can have significant detrimental effects on the success of a developing player. Many of our students already have equipment, which we will assess for proper fit. Our coaches are available to discuss your clubs and our recommendations.

Be involved: Our philosophy is that golf is best learned and loved when parents are involved. Once you're logged in, go to "Manage Results" and track the progress. Most of all, communicate with our coaches about your successes and challenges so we can best serve you.

Be a Second-Goal Parent through

PCA: The U.S. Kids Golf Academy is proud of our partnership with the Positive Coaching Alliance. Our commitment to parental involvement carries the disclaimer that it must be done in an encouraging and supportive manner. Though not a requirement, we strongly urge parents to complete the [Second-Goal Parent course](#).

Provided by the U.S. Kids Golf Academy. Learning Program booklet, golf tees and practice balls available during class sessions.
